Press Note.

KHADI WORK IN MYSORE STATE.

References have recently appeared in the local newspapers making adverse comments on Khadi work being carried on in the State generally, with particular reference to work under the Badanval Spinning Circle Scheme, making it appear as though the progress has been arrested after the popular Government came to power. It is necessary to dispel some of the wrong impressions that may have been created in the minds of the general public.

Khadi work has been carried on under the Badanval Spinning Circle Scheme purely on an official departmental basis from a long time past. What the Government felt was that though it was started by Government, still its progress has not been satisfactory for some years and not that it became unsatisfactory after the popular Government took up office, which is what some want to make out. Since this Government is of the view that the activities can be intensified and expanded with the help and co-operation of non-official workers, an invitation was sent in May 1948 to Sri Krishna Das Gandhi, Secretary, All-India Spinners' Association, Wardha (Sevagram), to visit the State, meet the workers and Departmental Officers interested in Khadi and offer suggestions. Practically, all leading workers of the State took part in the meetings and the Government on its part undertook to give every support for the development of Khadi work on approved lines.

The Charaka Prachara Sangha of Mysore State has since framed schemes for starting a Khadi Vidyalaya for training workers and a Khadi Workshop for the manufacture of spinning wheels and other equipments. Government have agreed to finance these schemes and give Rs. 7,500 and Rs. 12,000, respectively, for the two projects. Government hope that with the expected turnover of trained workers under the above schemes, it will be possible to establish a net-work of Khadi Centres all over the State on a sound basis.

As a further measure to enlist the co-operation of non-official agencies, the Government Spinning Centres in Chitaldrug District have all been handed over to the local District Board with very satisfactory results and adoption of a similar policy in Bangalore District is under active consideration.

In the meanwhile, as part of the drive for increased activities under the Badanval Spinning Circle Scheme, Government have appointed a Committee consisting of (1) the Additional Director of Industries, (2) the President, District Board, Mysore and (3) the Secretary, Charaka Prachara Sangha, to study its working and make suggestions for expansion and improvement.

Government wish to assure the public that Khadi work is being given top priority among schemes to afford a source of subsidiary income to the masses and will continue to receive special encouragement and assistance at their hands. They are, however, particular, that the experience of departments working in other parts of India should be utilised fully in avoiding defects noticed in the working of Khadi Expansion Schemes and no efforts will be spared to spread the message of Khadi in all possible places subject, however, to the precaution of seeing that the money and efforts are not expended in vain.
